

# Festival of Biodiversity

3 & 4 September 2016

9 am to 7 pm  
Singapore Botanic Gardens,  
Eco Lake Lawn

Did you know that Singapore is home to more than 400 species of marine fishes? Did you know that Singapore is also home to more than 250 species of hard corals, which is almost one-third of the diversity found in the world?

Join us at the Festival of Biodiversity to explore and learn more about Singapore's rich biodiversity!
